## Left4Dead 2

At the main menu, go to Options and toggle the developer console on. Now you'll be able to open your the console by pressing ~ (or the key above Tab).

Type `sv_cheats 1` in the console. This will enable the cheats. When you get the message "sv\_cvar\_cheats\_changed\_to 1," type in the following codes for the desired effect. Note: these cheats are mainly from Left for Dead, and may not work in the sequel.

**tongue\_range X** - (Default 750) Sets the maximum range of the smoker's tongue attack

**z\_pounce\_damage X** - X is amount of damage you want to do to survivors

**z\_witch\_burn\_time** - X is amount of time before a burning Witch dies from fire (does not affect damage caused by fire)

**z\_health** - Change Zombie Health

**z\_speed** - Change Zombie Speed

**director\_no\_human\_zombies 0/1** - Toggles controllable Boss Infected on any map

**director\_panic\_forever 0/1** - Toggles never ending panics
