Mass Effect 2

When asking Zaal'Koris about his funny name/ship name the "Qwib Qwib" (on the Quarian fleet vessel), the real joke hits when he mentions desiring a more respectable ship name like "Defrahnz" or "Iktomi." These two names would have yielded the following Quarian names: Zaal'Koris vas Defrahnz (vas deferens) and Zaal'Koris vas Iktomi (vasectomy).

Cheat: Infinite YMIR Mechs

(Unconfirmed) When you reach the point in the Freedom's Progress mission where you are told to place your teammates around the giant blast door, you can trick the game into spawning extra YMIR Mechs (Ed: But why would you want to ... ?). First, position your team accordingly, and watch the cutscene. You'll now be confronted by a Giant YMIR Mech. Instead of killing it, turn around, and head BACK through the blast door. This will glitch the game back before the cutscene. Place your team around the blast door again, and the cutscene will play. This will spawn an extra YMIR Mech. Repeat as many times as you wish, but more than three YMIR Mechs will most likely kill you!

Cheat: Max Out Skill Points ("Infinite" Skill Points)

To do this you'll need to have the Dominate skill, the Retrain Powers and Advanced Training upgrades and tons of Element Zero. You can get the Dominate Skill by recruiting Morinth (Samara's daughter), which means you have to sacrifice Samara in her own loyalty mission. A list of planets with Element Zero can be found below. First, purchase Advanced Training and choose Dominate. This will land you a bonus skill point, which you can use by instituting the Retrain Powers upgrade. Repeat this process for additional skill points -- one at a time!

Cheat: Double Your Hacking Rewards

Occasionally, after completing a hacking minigame for credits etc. you can press A repeatedly as the window closes and cause the game to glitch out and let you hack a second time -- for another chunk of credits! We've confirmed that this is rare, but it does work -- so get in the habit of mashing.

Hint: Romancing the Yeoman

If you chat it up with Yeoman Kelly Chambers often and choose to be kind to her you can instigate an "unusual" romantic encounter. You'll eventually be able to invite her to dinner. Additionally, you cannot let Kelly die in the final mission (choose a loyal escort for the crew in the final scene). After you beat the game, talk to Kelly and you'll receive an email from her. Go to your quarters and you'll be able to invite her up using your console. She'll appear and you'll be able to watch the evening's awkward events unwind. She's no Yeoman Rand, but she'll do.

Easter Egg: Legion Does the Intergalactic Shuffle

Approach Legion in his quarters and highlight him but do not talk to him. He'll do "The Robot," the traditional dance of his ancestors.
