Splinter Cell: Conviction

Glitch: Realistic Achievement

This is a temporary fix for an existing glitch (this may be patched with future updates). If you do not unlock the achievement for completing story mode on Realistic difficulty, replay the last two levels on Realistic, and the condition should be met.

Unlockable: Weapons

Complete single player story and co-operative story (online or local) to unlock all the weapons and gadgets required for the "all weapons" and "all gadgets" achievements.

Hint: Avoiding Lasers

To avoid laser security, take a human shield and go through the lasers and the guns won't shoot you
